The Department of Water Resources, in cooperation with other State agencies, invites you to participate in the North Coast Regional Workshop to gather and share information about the California Water Plan (CWP) Update 2009. The CWP is California’s strategic plan for water and covers topics such as water uses, water supply, water quality, regional conditions, regional water planning and flood management, and options for improving water management.

The workshop takes place on April 28, 2008 from 10 A.M. to 3 P.M. in Redwood Rooms B and C at the Sonoma County Water Agency located at 404 Aviation Blvd in Santa Rosa. The agenda for the workshop is enclosed, and representatives of: water agencies and associations; local, state, Tribal (recognized and non-recognized) and federal government; watershed and community groups; conservancies; and the public are strongly encouraged to attend.

This workshop is specific to the North Coast Hydrologic Region. At the workshop, your input will be sought regarding local and regional activities and conditions for the initial draft Regional Report.
